## GUEST - BARRY DE BOIS

Barry ran a successful design, building and property development business until his retirement in 2005.

He hosted and led the renovation team on The Living Room, on Network Ten and authored best-selling books. Barry was diagnosed with cancer of the immune system in 2010. He underwent successful therapy; however, announced in 2017 that the cancer had returned. The media personality and father of two says he has gained "emotional resilience" during his journey with cancer, speaking out regularly about his emotions and battles with depression. Barry is on the Board of RUOK? Day and presents around Australia. We are privileged to welcome Barry as he shares his journey, his lessons of overcoming adversity and navigating difficult times. Barry calls this "the art of untangling life", which resonates with the Menslink values and philosophy.
